

EAT LIKE THE VIKINGS!

We would like to invite you on a journey through the Viking Age, via our Ragnar Lothbrok menu inspired by the mythology of the Norse gods and fables. The three courses draw inspiration from Odin's ravens Hugin & Munin, Særimner; the pig in Valhalla whose flesh would regrow as soon as you cut it from it, and the original giant Ymer, who was killed by Odin, Vile & Ve, and created the world out of his body.
